

TROLLEY CLAMP

- A quick fit trolley easy to use on jobbing sites.
- This trolley is often used for securing lifelines.
- For all kinds of hoisting jobs.
- No tiresome adjustment of the wheel gauge by means of spindles with nuts and washers, no just turn the handle to open the wheel s and reverse this handle to close.
- Block the handle by the handle with counter nut.
- High grade sealed, maintenance free and lift time greased ball bearings.
- Strong flanged wheels with fine machined conical race.
- Anti-drop bars.
- Light weight.
